Presidents Corner by Bob Eades

Our 2018 season is finally running out of time. With only 2 Trips and 1 Meeting left for this year, it's time to start thinking about 2019, which is just around the corner. The Club Board is working on a lot of things for next year such as our 2019 Trip Schedule, The Annual Banquet, Speakers and Special Events as well as the month to month duties to run our club.

We have a big issue to tackle and we are looking for our club members to help us out on this one. Since losing our meeting place at Coco's a while back, we've tried more than a few options without much success. Either the rooms were too small, seating wasn't adequate, or it was just too noisy. Anyway, we are continuing to look for a more suitable place to hold our meetings. Here are some important parameters to consider when looking for a place.

- Room needs to be free of charge, based on food purchase.
- Room should be able to hold a maximum of 50 to 60 people.
- Seating in the room to accommodate the ability for all to see one end of the room
- Location needs to be within a 5 mile radius of the Ontario Area.
- Preferably a place with a variety type of menu.

If anyone has a place they'd like to recommend, we'll be happy to consider your suggestion, we are looking for a long term location.

Thanks in advance for your help. See everybody at the November 7th Club Meeting.

Bob

Fortune October trip report by Dan Keck

Our October trip on the Fortune was quite unusual this year departing from 22nd St., Landing rather than from San Diego. We boarded the boat and were greeted by the crew. Bob was our captain and Jordan was his second. It was also great to see Axel and Art on deck and Chef Paul in the galley.

During the safety meeting we were informed that we would head out west to the "condom bank" where a rental rod charter scored good numbers of school sized Bluefin Tuna that day. Like I said before, this trip was very unusual and that became very obvious as we metered and trolled all day Saturday and could not get a bite. Bob did see metered fish and we stopped and fished a few times but could not get the fish to rise.

That evening during dinner, it was decided to head south and do some Yellowfin fishing. Sunday morning was much different from the day before. It took no more than five minutes of trolling before we had our first hookup. Fishing was great all day with everyone getting a one day limit of school sized tuna. First place jackpot went to **Steve Berczik** with a 9.5 pound Yellowfin and a close second was **Bob Eades** with a respectable 9 pound tuna. Hey until our next trip, go out and have some fun fishing and don't forget to post some pictures.

!SWAC 2018 FISHING SCHEDULE

TRIP	LEAVE	RETURN	BOAT	LOAD	PRICE	LANDING	TRIP DETAILS
11	11/10	11/12	Pacific Dawn	18	\$430	Fishermans	Day & 1/2 meals incl
12	12/8	12/8	Spitfire	20	\$60	Mr DI Rey	Twilight

Trip note: The November trip has 3 open spots, The December trip is full
